Newsletter #3

Follow us

### Our 3rd Newsletter is out now!

Welcome to the latest edition of our newsletter! We're thrilled to bring you a collection of news and updates from our community!

### TEAMIT+: Step into Sustainable Entrepreneurship and Education

TEAMIT+ was present at the [Sustainable Energy Education Conference](#) in Valencia! We were excited to introduce our **learning by creating** methodology during a dynamic workshop led by Ms Sofia Pouri and Ms. Lenny van Onsele. This interactive workshop led to discussions on integrating **sustainability and entrepreneurship** into education, connecting with how TEAMIT+ can empower young entrepreneurs to lead real-world change.

### TEAMIT+ Training Program Kicks Off on October 10th!

We're excited to announce the launch of the [TEAMIT+ Training Program](#) across four European countries : Spain (Pamplona), France (Bordeaux), Finland (Jyväskylä), and Greece (Kozani)! Starting with **Module 1: Ecological & Solidarity Transitions Day on October 10th, 2024**, you will be a part of an interactive journey, equipping you with tools to tackle **climate change, energy, and sustainability** challenges. Through **workshops and role-playing activities**, you'll gain hands-on experience navigating global environmental complexities. You'll also learn the importance of **collective action** in building a sustainable future.

#### What to Expect on Ecological & Solidarity Transitions Day

- Learn about the **urgency of climate action and sustainability** through interactive, real-world scenarios.
- Understand the complexity of **global environmental challenges** and how we can come together to tackle them.
- Participate in **role-playing activities** that simulate climate negotiations, helping you think critically and act effectively.

#### Why TEAMIT+?

We're not just about theory. At TEAMIT+, we believe in **learning by doing**, which is why our program places you in real-world scenarios where you'll actively **create solutions** to pressing global issues. From the start, you'll collaborate with a **diverse, international group** of participants to **innovate, solve problems, and make a tangible impact**.

### Meet Our Partners: The Pillars of TEAMIT+

We're proud to collaborate with [incredible partners from across Europe](#) who share the same mission of empowering young entrepreneurs. Here's a closer look at the driving forces behind the creation of the TEAMIT+ training program :

#### ESTIA

This French engineering school is a hub of innovation, leading **Module 2: 24 Hours of Innovation** – a thrilling hands-on challenge that will take place in Greece, Finland, and Spain in December. ESTIA is committed to enhancing the **learning by doing** methodology within TEAMIT+.

#### Mondragon University (MUE)

A pioneer in **cooperative education**, MUE's **Mondragon Team Academy** promotes **social entrepreneurship** through its innovative **learning by doing** approach. MUE ensures that TEAMIT+ participants receive **practical training**, providing an environment where young entrepreneurs can build real businesses.

#### Tiimiakatemia/JAMK University of Applied Sciences

Based in Finland, Tiimiakatemia is a leader in **team learning and sustainable entrepreneurship**, blending theory with hands-on experience. Tiimiakatemia is helping create applied methodologies for the TEAMIT+ program, ensuring a holistic and impactful educational journey.

#### Diversity 4 Equality (D4E)

An organization devoted to **equality and inclusion**, they ensure our training is diverse and accessible, allowing young entrepreneurs to develop their projects in multicultural teams.

#### Initiative Développement (ID)

An NGO, existing already 30 years now, based in Poitiers (France) and mainly active abroad in Sub-Saharan Africa and Haiti. It implements 30 projects in 10 different countries, with a transversal approach of supporting and strengthening players. Their main fields of action include **health, citizenship and territories, water sanitation waste, climate energy forest**.

### Finnish Climate Ambassadors: Leading the Charge Against Climate Change

We're thrilled to announce the **Finnish Climate Ambassadors** for TEAMIT+: Evelina Holm, Anni Arkimaa, and Jonna Markkanen, all students from Tiimiakatemia. These young leaders are passionate about climate issues and making a real impact! On **October 10th, during a special Climate and Solidarity Event** held simultaneously in Finland, France, Greece, and Spain, the ambassadors will facilitate climate workshops. In December, they'll meet their counterparts from other European countries in Greece to develop **climate commitment booklets**.

[Meet the Ambassadors](#)

### TEAMIT+ Insights: Connecting Economy and Climate

Our latest **Territorial Analysis** revealed some intriguing results. While residents of **Nouvelle-Aquitaine, France** ranked climate change as their top concern, many in other regions prioritized **economic issues** like unemployment. This insight shows how interconnected the **economic crisis and climate crisis** are and highlights the need for **tailored action plans** in different areas.

At TEAMIT+, we're dedicated to bridging these gaps, helping young people tackle **climate challenges** while addressing **economic realities**.

**About the project**  
Entrepreneur multicultural impact innovation cooperatives aims to develop an innovative educational program applying a pedagogical methodology based on the "learning by creating" approach. The specific pedagogical methodology will be applied to vocational training students, to higher education students, as well as to young immigrants, refugees and the unemployed from different academic subjects. The aim is to enable them to become future entrepreneurs who will influence society by understanding the importance of the transition to a greener economy, based on green, digital and climate resilience skills.

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

This project has received funding from the European Union's EACEA - Erasmus+, EU Solidarity Corps. Grant agreement No 10111560
