TEAMIT+ : TEAMPRENEUR MULTICULTURAL IMPACT INNOVATION COOPERATIVES

About the TEAMIT+ project

TEAMIT+ aims to develop an innovative educational program applying a pedagogical methodology based on the “learning by creating” approach. The specific pedagogical methodology will be applied to vocational training students, to higher education students, as well as to young immigrants, refugees and the unemployed from different academic subjects. The aim is to enable them to become future teampreneurs who will influence society by understanding the importance of the transition to a greener economy, based on green, digital and climate resilience skills.
